

# Property Sewerage Plans – a valuable plumbing tool

Did you know that you are required to provide South East Water with an updated **Property Sewerage Plan** upon completion of any sanitary plumbing and drainage works?

An accurate and complete Plan will mean the property is not encumbered by South East Water for outstanding works at the time of sale – and that you have fulfilled your legal obligations.

A **Property Sewerage Plan** provides customers (and you!) with a record of where property sewerage drains and fixtures are located.

**It is important to update and return all Property Sewerage Plans to South East Water within 7 days of completing any sanitary plumbing and drainage works.**

Please post, fax or email updated Plans to:  
Mail: Locked Bag 1, Moorabbin 3189  
Fax: 03 9552 3571  
Email: [info@sewl.com.au](mailto:info@sewl.com.au)
